

CODE DELIVERY ED WORKFLOW

TIER 1 RESPONSE: "CODE DELIVERY"

(Any urgent delivery)

1. **Physician or nurse to call Medcom at 4-7600** to activate a "Code Delivery" to ED CC Room ___ (will always be activated to CC)
 - This activates MFM and NICU Teams to the ED
 - Announces "Code Delivery" overhead in ED and over ED CC phones
2. **All teams** (ED, MFM, NICU) respond to CC Room
3. **ED Staff** retrieves Panda Warmer with the delivery "Go-bag" (delivery kit + neonatal airway supplies) (CDU supply room)
4. **ED Staff** retrieves Pedi Code Cart (G Pod Hallway)
5. **ED Secretary** fax mother's face sheet to NICU secretary: (401) 276-7864 when able, to allow them to generate chart for infant

TIER 2 RESPONSE: "CODE DELIVERY + PEDIATRIC CODE BLUE"

(Urgent delivery + infant distress)

Initiate all of the above steps for MFM and NICU response, as well as additional resources from Pediatrics for neonatal resuscitation:

ED Secretary or ED RN calls **Hospital Page Operator** to request "Pediatric Code Blue" to the **RIH ED CC**

- This **additionally** activates Hasbro ED attending, Peds residents/RNs, and RT
